MONUMENT POINT WALKWAY CONSTRUCTION- INFORMATION SHEET

CURRENT SITUATION

Thank you to all who completed online surveys and attended the community workshop to inform detailed designs and construction of the Monument Point Walkway!

Final design plans for construction Walkway are now complete and construction is due to start on the walkway from March 2019

TIMEFRAMES

It is anticipated that construction will run through to July 2019. Construction will occur in 4 stages with the first stage to be the construction of the walkway immediately to the West of the Surf Club to the top of the point (near the Spirit Bench)

4 March to 1 Apr	**Stage 1**
1 April to 6 May	**Stage 2**
6 May to 10 June	**Stage 3**
10 June to 15 July	**Stage 4**

Please we are trying to minimise impacts on the community and as a result construction will not occur during school holidays or public holidays

HOURS OF OPERATION: 6.30am-3.30pm

IMPACTS

There will be some impacts to community in accessing the site during the construction period.

(1) Fencing will be erected around the construction zone (for the stage of the project). This may impact on pedestrian access, and visual amenity.

(2) During construction periods approximately 10 x car parking spaces will be closed off for machinery and Council vehicles

(3) There will be storage of construction materials onsite and this will be fenced for security and community safety. It is anticipated that an area approximately 30x30m will be used for storage in the upper Western sector of the carpark

(4) There will be noise and some dust as a result of construction

(5) Council will seek to retain as much existing seating as possible during construction. however, some original seats will need to come out to allow construction to commence. Seating will be replaced through this project.

(6) During periods where heavy plant (machinery) movements are required there may be impacts on traffic access to the site. This may result in early morning impacts between 6.30-8.30am with traffic control measures and carpark closures periodically for the duration of the works

Contacts and more information

For any site based issues or concerns please contact Dan Powick Coordinator of Works 0427257733

For more information on the project please go to yoursaymacleay.nsw.gov.au or call customer services on 6566 3200 (nominated project contact is Bruce Potts)
